

Maths

Starters: Choose from the following each day. (15 minutes daily)

- Practise all you multiplication facts up to 12x12 on TTRockstars, Hit the Button or TimesTable.co.uk
- Chant the counting patterns up to 12x12. Can you think of some movements to do with each one e.g. count in 4s doing star jumps.
- Write out a new times table each day. Try to ones you are not sure of. Remember tables are just repeated addition!
- Practise weighing different items using your scales at home. Get a jug measure a litre of water, subtract 500ml. How many ml do you have left? Play around with different measurements? Could you bake a cake?

Main Tasks

<https://whiterosemaths.com/homelearning/year-3/>

Watch the teaching video clips each day on the link above. Then complete the worksheets saved on our class page. There is a video for each worksheet. No need to print just write your answers in a book.

We also have worksheets attached to complete if you can't access the internet.

There are some amazing resources online, providing individual lessons each day. If you have access, why not try out some of the ideas in the below links:

Lesson 1

Spelling (15 min) Use a dictionary to find the meaning of any words you do not understand.

Reading (30min) Read <https://childrens.poetryarchive.org/poem/please-do-not-feed-the-animals/> You can listen to the poem and then answer the questions on the following page.

Lesson 2

Spelling (15 min) Write your spellings in pyramid style.

SPaG (15 min) Write a list of all the verbs in the poem. Remember a verb is a doing word. What kind of word is importantly? What kind of word is most?

Lesson 3

Spelling (15 min) Bubble write your spellings. **Writing (30min)** Can you think of any animals which rhyme with a food? Can you write your own poem following the structure of Robert Hull's poem? Will you feed your teacher to a cheetah or maybe your sister to a critter?

Lesson 4

Spelling (15 min) Can you read, say, cover, write and check?

Performance

Finish your poem and perform it to an audience. You could dress up or add your own animal characters? Remember the flow of the poem.

English—Reading

Please do not feed the animals..... By Robert Hull.

Please do not feed the ostriches
sandwiches
or the polar bears
eclairs.

Do not offer the wombats
Kumquats
or the rattle-snakes
fruit-cakes.

Remember that piranhas
are not allowed bananas
or partridges
sausages.

Never approach a stork
with things on a fork
or the bustard
with a plate of custard.

No leopard
likes anything peppered
and meercats
disdain Kitkats.

Remember that grapes
upset apes
and meringues do the same for orangutans.

Most importantly -
do not feed the cheetah
your teacher.

Maths—Adding and subtracting fractions.

- 1) Use the information shown to work out the mass of each item.

- 2) How many different fruit smoothie recipes can you make with a mass of 300g using the fruit?

- 1) Use the information shown to work out the mass of each item.

- 2) How many different fruit smoothie recipes can you make with a mass of 300g using the fruit?

Cooking

A few weeks ago you were tasked with making Spanish Torrijas. This week try making the Peruvian ones using bananas. Which one do you prefer Spanish or Peruvian? Don't forget you will be using your Maths this week. Cooking involves lots of measuring and weighing.

Peruvian Banana Torrijas

These Peruvian banana torrijas are very easy to prepare and you probably already have all the ingredients at home. These melt-in-your-mouth torrijas are golden on the outside and very spongy on the inside. If you've never had them, you'll be surprised at how delicious they are. The best thing is that your little ones can help you prepare them. My kids love to help mash the bananas and stir them in the mixture. I like to serve my torrijas with honey, but you can serve them alone and they are also delicious. **LESS -**

Ingredients

- 1 cup wheat flour
- 2 tablespoons of sugar 1 cup = 120g (you can use any flour)
- 3 ripe bananas, smashed
- 2 tablespoons water
- 2 eggs
- 1 tablespoon vegetable oil

- 1 Mix the flour and sugar in a bowl
- 2 In another bowl combine the bananas, milk and eggs. Add dry ingredients to this mixture and stir.
- 3 Heat up a frying pan and with a napkin spread the oil on the pan or use cooking spray.
- 4 Pour three tablespoons of the mixture on the frying pan and with the back of the spoon spread it out.
- 5 Leave it for 2 minutes or until the dough has bubbles; then turn it over.

Geography—Rainforest

The Rainforest are very important in our environment. Can you name all the countries where the rainforests can be found? Here is a map of the world to help you. You will need an atlas or access to the internet.

LO: To use an atlas to find countries of the world where rainforests are found.

LO: To label a map to show countries where rainforests are found.

Science—Sun safety

Staying safe in the sun is very important. Watch this video on sun safety. <https://www.bbc.co.uk/cbeebies/watch/sun-safety-for-kids> and list the 5 things Andy recommends to stay safe in the sun. You can take a quiz on sun safety here <https://www.bbc.co.uk/newsround/48609398> Finally, complete the task below.

Make a poster to advertise your sunglasses or sun hat. Tell your customers how the sun can be dangerous and how your item helps. Make sure your poster is bold and bright so it catches people's attention!

What is your item called?

Why is the sun dangerous?

Add a picture here.

Extra pictures or information about your item.

How will your item protect someone's eyes in the sun?

Art

Mola art is from Panama and some parts of Columbia. It uses lots of bright colours and dots and lines to make a pattern. Can you create your own piece of Mola art using the template below?
