

School Council Agenda & Minutes 11.3.26

- Walk around school - Prayer Spaces
- Walk around school – litter / bins
- Walk around school – seating outside

Meeting Minutes

We took a walk around the outside and inside of school and were shocked as there was litter everywhere – particularly in the area outside of school. See the photos below.

After litter and bins, we would look at arranging some more seating for children outside school. Prayer spaces was an interest

for some but it was decided that this would be something that we would focus on at a later date.

Agreed Actions

- We decided that we wanted to focus on litter and bins in and around school as a priority. We took photos of areas we would like bins placing to improve the situation.
- We decided that we would write a letter to the local councillor to ask for new bins nearer to the large gate.
- We would also ask for support from local community groups to complete litter picking in the local area / arrange our own litter pick.
- We are going to hold a name that bin competition and see if the local council will let us decorate the bins.
- We are going to create posters to display on the bins.
- We also feel that we may need additional bins on the KS1 area of the yard so are going to write a letter to the school Business Manager.
